Education. Compliance. Reporting. Serving
Illinois Surplus Line Producers and the
Illinois Department of Insurance.

Brand Introduction

The Surplus Line Association of Illinois (SLAI) is dedicated to serving the interests of Illinois Surplus Line Insurance Producers by providing critical resources and insights. We are a professional association focused on empowering our members to stay informed and compliant in a constantly evolving industry landscape.

Our goal is to be the trusted source for timely updates on compliance, law changes, filing deadlines and market trends. Our updated brand is designed to reflect our commitment to professionalism, innovation and collaboration. With a modern logo, a refreshed color palette and an approachable voice, we aim to provide a welcoming space for current members while attracting new professionals in the surplus lines community.

Our Logo

The SLAI logo is composed of two parts: the symbol and the wordmark.

Use the primary logo in most print and digital applications. Avoid resizing below 1 inch in width.

Always use the logo files provided on the official Surplus Line Association of Illinois website. Do not re-create.

The SLAI logo must have sufficient clear space around it on all sides to ensure maximum visibility and legibility of our brand identification.

Clear Space

Always maintain a minimum clear space equal to the height of the “I” in the SLAI logo on all sides to protect visibility and integrity.

For print applications, this space should be no less than ½ inch on each side.

Our Logo

The SLAI logo is made up of two parts: the symbol and the brand name.

While the symbol can be used independently, the full logo, which includes both the symbol and the name, should always be used together. The name is either positioned next to or beneath the symbol as part of the official logo mockup.

Logo Color Options

The SLAI logo should be reproduced using the full color palette: Deep Blue, Light Blue and Green. These colors reflect the brand's core values and should be used together to create a strong, cohesive visual identity.

If the logo needs to be reproduced in only one color, Black or Light Blue should be used for consistency and clarity.

For applications with dark backgrounds, a white version of the logo is available for optimal contrast and visibility.
